BOOK SYNOPSIS

The book examines the anatomy of evil in the realm of ideological and philosophical beliefs. This includes politics, culture, religion, science and law. It attempts to answer many questions by giving the reader a better understanding of all aspects of evil including stealth evils that are not even on our radar. Although the author uses many scriptural verses to support the book's thesis, it does not simply rely on scripture, but relies on probability science and rationale to draw conclusions while showing consistency with and support of scripture. Although the author is convinced that the bible is the infallible Word of God and believes in biblical Christianity, he is very critical of denominational Christianity and other religions including pseudo-science and other religions that masquerade as secular entities. He believes that the rapid and virtually complete secularization of our society has only been possible because of the many false foundations that have been established and accepted as fact when they are completely false and destructive. Those false foundations justify and support many evils that have been and are being promoted in America. The book discusses the situation in which America finds itself where we are being destroyed and are near the point of no return. The book addresses the current political situation and the upcoming presidential election. The final chapter of the book is to encourage skeptics to believe the truth of the bible through rational evidence. Although this book should connect well with Christians, it is hoped that the rational approach taken would attract atheists, agnostics, and skeptics as well as pastors and religious leaders. Pastors and religious leaders are encouraged to teach the full council of God by relating scriptural principles to our evil culture and even go so far as to attack the false foundations that are making the gospel irrelevant or addressing the contaminated soil that prevents the gospel seeds from germinating.

AGNOSTICISM AGNOSTIC. UNCERTAINTY ABOUT EXISTENCE OF GOD -

Are you looking for Ebook AGNOSTICISM Agnostic. Uncertainty About Existence Of God? You will be glad to know that right now AGNOSTICISM Agnostic. Uncertainty About Existence Of God is available on our online library. With our online resources, you can find Applied Numerical Methods With Matlab Solution Manual 3rd Edition or just about any type of ebooks, for any type of product.

Best of all, they are entirely free to find, use and download, so there is no cost or stress at all. AGNOSTICISM Agnostic. Uncertainty About Existence Of God may not make exciting reading, but Applied Numerical Methods With Matlab Solution Manual 3rd Edition is packed with valuable instructions, information and warnings. We also have many ebooks and user guide is also related with AGNOSTICISM Agnostic. Uncertainty About Existence Of God and many other ebooks.

We have made it easy for you to find a PDF Ebooks without any digging. And by having access to our ebooks online or by storing it on your computer, you have convenient answers with AGNOSTICISM Agnostic. Uncertainty About Existence Of God. To get started finding AGNOSTICISM Agnostic. Uncertainty About Existence Of God, you are right to find our website which has a comprehensive collection of manuals listed.
